Creating an event on Zen

Keep your Dojo listing up to date by creating an event for your upcoming Dojo session. This will enable parents and ninjas to easily find your event and make a booking.

- Creating ticketed events for your Dojo using the CoderDojo community platform, Zen: dojo.soy/create_an_event
- Integrating Eventbrite: dojo.soy/eventbrite-zen
- More reasons to publish events on Zen: goo.gl/uLePeo

The screenshot displays the website for Dublin Docklands @ CHQ. The navigation bar includes links for ABOUT, ATTEND A DOJO, VOLUNTEER, START A DOJO, RESOURCES, NEWS, and COMMUNITY. The main header features the dojo's logo and name. On the left, there are sections for TIME (Every other Wednesday 6pm - 7:30 pm), LOCATION (Dogpatch Labs, The CHQ Building, Dublin 1, Ireland), and EMAIL (docklands.ie@coderdojo.com). The main content area is titled 'Upcoming Events' and lists 'Docklands Dojo: Spring Term (April 4th)' with sessions on Scratch, scheduled for April 4, 2018, from 6pm to 7:30pm. A 'See Details and Book' button is provided for this event. A 'Details' section is partially visible at the bottom.

How to source volunteers for your Dojo

Why gather a team of mentors?

- Tasks can be delegated amongst volunteers
- Ninjas will benefit from different skill sets
- More volunteers ensure the continuity of the Dojo

Where can I find mentors?

- Local IT colleges / universities
- Local tech companies + businesses
- Put the word out on social media

More information on sourcing mentors: http://dojo.soy/finding_mentors

Community Discussion

The floor is open to discussion / sharing of experience from running a Dojo.

- What are the challenges you're facing at your Dojo?
- What is working well for you at your Dojo?
