

Then add the following selectors to your CSS file. Note the `float: left` property!

```

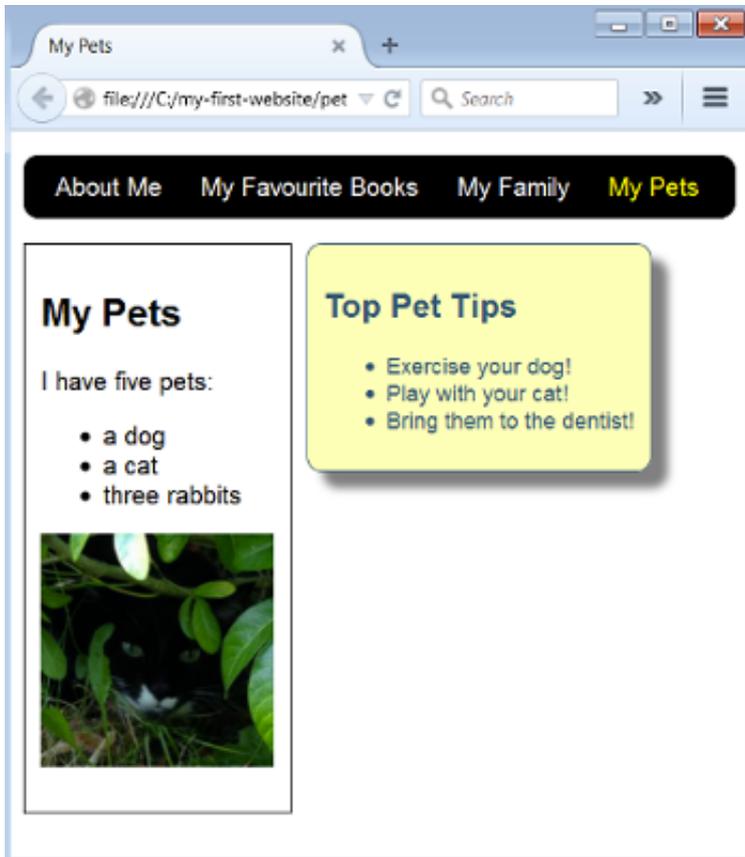

article {
  float: left;
  border-style: solid;
  border-width: 1px;
  margin-right: 1em;
  margin-bottom: 1em;
  padding: 1em;
}
aside {
  float: left;
  border-style: solid;
  border-width: 1px;
  padding: 1em;
  border-radius: 1em;
  background-color: #FFFFC0;
}

```

Challenge!

Can you modify the styling of the page so that it looks like this?

Hints:

```

box-shadow: 10px 10px 5px gray;
color: #2F5670;
list-style-type: square;
font-size: 14px;

```

Experiment with these CSS properties!

```

opacity: 0.5;
transform: rotate(30deg);

```

```

aside:hover {
  transition:
    1s ease-in-out;
}

```

```

border-style:dotted;

```
